

Name of Document For Consultation: Proposed Gas (Supply) Regulations

Company Name: Tuas Power Ltd

Date of Submission: 30 May 2007

Summary of Comments and Changes

No.	Regulations No.	Comments	Suggested Amendments
1	3(1) and 3(2)	Please clarify who are considered as direct access customer (with examples). Applications for a supply of gas from a "Managed Capacity Customer" are not addressed.	To include the applications for a supply of gas from a "Managed Capacity Customer" under Clause 3.
2	3(6)(a)	The direct access customer shall be owner of the gas fittings.	To amend cl 3(6) accordingly.
3	7(3)	It is recommended that an independent panel should be set up to review the safety of the gas fittings before the gas transporter could disconnect such gas installations from the network.	It is recommended that an independent panel should be set up to review the safety of the gas fittings before the gas transporter could disconnect such gas installations from the network.
