Summary of Comments and Changes

No.	Regulations No.	Comments	Suggested Amendments
1	All sections under PART IV and PART VI	<p>ConocoPhillips:</p> <p>In the meeting with EMA dated 29 May 2007, we have been informed that all sections under PART IV and PART VI do not impact to WNTS ORF. With that information we don't have comments for these sections.</p> <p>Should EMA vary its position then we highly appreciate to hear from EMA and we will provide our full comments to the sections accordingly.</p>	
2	PART V 22(2)	<p>ConocoPhillips:</p> <p>As the operation, maintenance and accuracy of certain installed meters are ruled out by contractual agreements, ConocoPhillips proposes additional wordings to capture this matter</p>	<p>"...the Authority shall grant a permit to the owner of the existing meter installation which have been installed prior to the gas metering code coming into force to retain the said metering installation with such conditions as the Authority considers necessary <u>of which the conditions are not exceeding and/or against with the contractual agreements pre-dating this regulation</u>"</p>
