

KEEP YOUR HOME SAFE KNOW WHERE YOUR GAS PIPES ARE

CHECK WHERE YOUR GAS PIPES ARE BEFORE YOU RENOVATE YOUR CONDOMINIUM KITCHEN!

Before carrying out renovation works in your kitchen:

- Check where your gas pipes are by asking your renovation contractor to mark these out. This is to avoid damage to concealed gas pipes.
- For your safety, Contact City Gas to temporarily cut off your gas supply before renovation begins.

Engage only Licensed Gas Service Workers:

- You can check online at www.ema.gov.sg/safe_use_of_gas.aspx for one.
- Or you can ask to see the gas service worker's licence, which is issued by the Energy Market Authority.

Suspect a gas leak?

Contact City Gas' 24-hour hotline immediately at **1800 752 1800**.
