

**Application made by Keppel Gas Pte Ltd under Section 38 of the Gas Act (Cap. 116A)**

Keppel Gas Pte Ltd ("KeppelGas") has made an application to the Energy Market Authority (the Authority) under Section 38 of the Gas Act (Cap 116A) ("the Act") for directions in order to secure rights of access to the onshore gas pipeline network and related pipeline facilities situated between the boundary fence of the Attap Valley Onshore Receiving Facility to the offtake point at the Keppel Plant ("the Onshore Pipelines). The Onshore Pipelines are occupied, controlled and owned by PowerGas Ltd ("PowerGas").

The Authority has sought PowerGas' written position in regard to KeppelGas' application, and would now like to seek the views of parties who could be materially affected by such a possible Section 38 direction.

The purpose of this exercise is for the Authority to first shortlist a register of such "interested parties", following which the Authority will decide whether to forward certain relevant documents pertaining to the Section 38 application to those parties on the list, in order to give such interested parties the opportunity to be heard. For the avoidance of doubt, further time will be given for this purpose.

If you think you could be materially affected by such a direction under Section 38 of the Gas Act, please write to the address indicated at the end of this notice, stating clearly how your company's commercial and strategic interests vis-à-vis the Onshore Pipelines would be materially and directly affected by a Section 38 direction.

The Authority will then make a determination on your views. The Authority's decision is final and the Authority reserves the right not to enter into correspondence with parties who are unsuccessful in their submissions.

Due to the confidential nature of the relevant documents in KeppelGas' application and PowerGas' response the Authority reserves the right to determine whether to release the documents or such of the documents to interested parties. The Authority's decision shall be final.

All such interested parties are to deliver their submissions to the Authority no later than close of business on **Friday, 21 September 2007**, to the following address:

Energy Market Authority  
111, Somerset Road  
#15-05  
Singapore 238164  
Attn: Deputy Chief Executive, Regulation Division
